REJECTS THE PLAN

FRENCH GOVERNMENT WON'T ACCEPT BISHOPS' PROFFER.

CHURCH AND STATE AT WAR

SMALL HOPE OF ANY SETTLEMENT IN THE NEAR FUTURE.

CHURCH GAINS A POINT

Deputies Pass an Amendment Permitting Public Meetings Without Any Notice Being Given the Government.

PARIS, Jan. 29.—The proposition which the French bishops, with the approval of the pope, have now submitted to the government seems to offer the first real prospect of an adjustment of the conflict between church and state under the separation regime. While it involves a material modification of the position taken in the last papal encyclical, the proposition forwarded has all the appearance of an ultimatum. The model contract which the bishops have submitted provides for the virtual lease of the churches in perpetuity to the parish priests by the "œuvres," the leases being for 18 years and renewable by their successors. The lease, which carry a stipulation releasing the communal, municipal and state authorities not to interfere with the administration of the church and parish, are invalid without the express ratification of the bishop and become null the moment the parish priest loses the bishop's authorization. The bishops must act together to insure the acceptance of the contracts everywhere.

The response made tonight by Minister of Education Briand to the declaration of the bishops was short and unmistakably clear. The minister said: "The conditions are unacceptable."

This rejection of the proffered settlement was voiced in the course of the debate in the chamber of deputies on the new public meetings bill, the first section of which was adopted by an overwhelming majority. This bill provides for the holding of meetings of all kinds at any hour without previous declaration.

The extreme Socialists made vain endeavors to exclude religious services from the scope of the bill, which they declared to be a concession to the Vatican. M. Briand denied vigorously, however, that he was conceding to clerical pressure and pointed out the difficulties that would follow the expulsion of one body of French citizens from the rights granted to other bodies of citizens.

The minister then proceeded to explain his present attitude concerning the decisions of the French episcopat. He said:

"The threatening tone and the loyalty of the declaration of the bishops has struck me as well as you. The conditions are unacceptable. An important point is the circumstances under which they were laid down. The bishops caused the pope to adopt a declaration admitting the possibility of an arrangement with the local authorities in the use of churches, which previously had been declared impossible. This is not the position of a victor.

"The government has placed the church in a legal position in spite of herself, and that difficulties have arisen, and will continue to arise, is not surprising. The cabinet will face these difficulties, thanks to the support of the majority in the chamber. The adoption of this majority is clear, even if the text of the bishops' enactments are not."

VOTE-GETTER TO STAY

RURAL CONGRESSMEN FIGHT FOR FREE SEED LAW.

Defeat Amendment to Strike It Out of Agricultural Bill by Overwhelming Vote.

WASHINGTON, Jan. 29.—The house today passed the senate bill increasing the board of customs appraisers in New York from ten to twelve.

The agricultural appropriation bill occupied most of the day and as usual, when the amendment striking out the free distribution of seeds was reported the members from the farming districts outvoted those from the cities, reversing a ruling of the chair by a vote of 136 to 55 and restoring the paragraph as it has been the law for years.

The recommendations of the committee on agriculture to increase the salaries of the chief of the bureau of chemistry, Dr. H. W. Wiley, from $5,000 to $6,000, went out on points of order.

An important amendment was adopted that no part of the money appropriated for expenses in the enforcement of the national pure food law should be paid to any state, city or district official, the expenditure being based on the theory that the states should execute their own pure food laws.

After completing nearly 50 pages of the bill, the house at 5:20 p. m. adjourned.

NAPLES, Jan. 29.—The noted bacteriologist, Professor Emil von Behring of Berlin, the discoverer of the diphtheria serum, has been placed in an insane asylum, it is declared by relatives at Capri without foundation. They say the professor is merely suffering from overwork, and is to pass several weeks at his villa in Portici.

THINGS WE EAT

CHEMISTRY BUREAU REVEALS NEW THINGS.

FROZEN OYSTERS DANGEROUS

BIVALVES SHOULD NOT BE SHIPPED EXCEPT IN SHELL.

SAYS GELATIN IS THE LIMIT

According to the Food Experts, It Is Made From Scrapings of Hides and the Factories Are the Dirtiest in the World.

WASHINGTON, Jan. 29.—Dr. Harvey W. Wiley, chief of the chemistry bureau of the department of agriculture, testified concerning the deterioration of foodstuffs in cold storage before the house committee on agriculture, whose hearings on the agricultural bill have just been made public.

The cold storage warehouses are a hobby of Dr. Wiley's disposal in Washington, and he gave the results of experiments with all sorts of foodstuffs. "Milk begins to deteriorate right away and it does steam," he said. "Eggs also begin to deteriorate immediately. Fruit is improved and sometimes continues to improve for three months. Meat improves up to about six or eight weeks, but after three months for most you can see that it has reached the maximum, and then it begins to go down. I do not care how hard it is frozen."

When asked for a further explanation of the deterioration of meat frozen in cold storage, Dr. Wiley said:

"We find that meats do not taste as well, and they do not smell as well, and every time the jury can pick that which has been kept over three months. Take our quail. We have quail a year old, and we have a fresh quail cooked at the same time. We cook them just alike, and every time the jury can pick them out blindfolded."

Dr. Wiley stated that most foods improve when properly kept for a short time, but said the object of his experiments is to inform the public, and particularly the cold storage people, how long they may safely keep food in storage. He said that as yet he had been unable to determine whether dressed or undrawn poultry keeps better.

Dr. Wiley was asked many questions about oysters and said that the oysters opened and shipped in buckets should be prevented from entering interstate commerce, as they are dead.

"An oyster is dead an hour after it is opened," said Dr. Wiley, "and is not good. It loses its flavor."

In response to inquiries from Representative Haskins as to the advisability of freezing oysters to preserve them for shipment, Dr. Wiley said:

"No, they ought not to be frozen, that fixes them and as soon as they thaw they are poisonous."

He urged that oysters be shipped alive and in the shell.

Gelatin was denounced by Dr. Wiley, who said of it:

"It is made from the scrapings from hides. These hides that smell to heaven are treated and trimmed and these trimmings are used to make gelatin. The cleanest hospital carries fewer poisonous germs in gelatin."

Dr. Wiley said the gelatin factories are the dirtiest in the world; that the hides need are treated with alkali, which is rubbed into them for shipment. He said that this gelatin is sometimes made in glue factories, and that stuff that is not fit for glue is made into gelatin. In reply to a question from Representative Haughin, Dr. Wiley said:

"Gelatin is used in ice creams and candies and for making capsules that you take your medicine in." He added that there is no objection to gelatin if properly made, and that there is plenty of wholesome raw material to make it of.

OFFICIALS ARE NOT HUNGRY

British Reluctantly Accept Supplies Sent Earthquake Sufferers.

NEW YORK, Jan. 29.—The Panama railroad steamer Advance arrived today from Colon after landing supplies at Kingston for the earthquake sufferers. The chief of commissary from the canal zone was in charge of the provisions and took fifty-seven canal laborers returned to their homes in Jamaica on the steamer.

Officers of the Advance say the vessel was quite full, and at Kingston efforts were made to charge port duties, but it was said, no official appeared to grant Mallett to accept the supplies.

The sights and effects were sad indeed and the food was what the officials were disputing with negro laborers as to the payment for handling the goods. The Advance left tons of provisions on the dock.

RUSSIA TO BUY OUR WHEAT

Crop Failure Causes Her to Purchase Here.

ST. PETERSBURG, Jan. 29.—On account of the failure of the local wheat crop, Russia this year will be a purchaser of American wheat and the first ship load will arrive soon at Riga from London, on its way to Rybinsk. The price on the Russian market probably will be $1.37 a bushel which is seven cents under the local price. Other cargoes have been ordered for delivery at St. Petersburg as soon as navigation opens.

HALTED BY STORM

NORTHWEST SWEPT BY ANOTHER BLIZZARD.

COAL AND FOOD ON THE WAY

CAN NOT REACH THE SUFFERING INHABITANTS.

RELIEF TRAINS ARE TIED UP

Hundreds of Cars of Provisions and Fuel May Not Be Able to Break Through the Blockade for Several Days or Weeks.

MINNEAPOLIS, Jan. 29.—The snow blockade and fuel famine in the northwest continues and relief seems about as remote as ever.

During the last 24 hours another snowstorm has swept North Dakota and Minneapolis. From points along the Soo, Great Northern and Northern Pacific comes information about stalled trains, deserted engines and snowdrifts.

Hundreds of cars of coal and groceries started westward in the wake of the rotaries may not reach their destination for day or weeks.

SITUATION IS DESPERATE

North Dakotans Threaten to Burn Railway Property.

WASHINGTON, Jan. 29.—A telegram to the interstate commerce commission from New Rockford, N. D., says the fuel situation there is so desperate that the people will burn railroad property in less than forty-eight hours for fuel.

JAPAN TO LAUNCH WARSHIPS

Plans to Put Seven Into Commission This Year.

TOKIO, Jan. 29.—During 1907 the following warships will be launched at Japanese yards: At Kuri, the battleship Oki, of 12,000 tons; the armored cruiser Ibuki 14,600 tons; second-class cruiser Megami, 3,400 tons. At Yokosuka, the armored cruiser Kurama, 14,000 tons; at Sasebo, the cruisers Tone and Chio, 3,000 tons, at Uraga, the torpedo destroyer Kirbsuki, 380 tons.

TRAILED FOUR YEARS

MEXICAN DESPERADO IS FINALLY OVERHAULED.

A Long List of Murders Is Charged Up Against Him in New Mexico and Mexico.

EL PASO, Jan. 29.—After being chased for four years, F. Gomez, charged with being one of the most brutal and reckless of all the desperadoes that years ago made the border notorious, was captured near El Paso today by Sheriff J. W. Owen, of Lincoln county, New Mexico. A long list of murders is charged against Gomez, who is a mixture of Indian, negro and Mexican.

The crime for which he was arrested was a most atrocious one. He is said to have crept in and killed a sheep herder in Lincoln county, kicked the body to one side, took possession of the newly made camp fire, cooked and ate his breakfast and went his way. Three other murders are charged against Gomez in New Mexico and more in Mexico.

HIS PARTNER GOT THE MONEY

St. Louis Excise Commissioner Still on the Grid of Investigating Committee.

ST. LOUIS, Jan. 29.—The senate committee on municipal corporations continued its investigation today into the present administration of Excise Commissioner Thomas E. Mulvihill, to sift the accusations that L. C. Dodge, who has been the law partner of Mulvihill, exacted fees from saloonkeepers by appearing before Mulvihill and having revoked saloon licenses reinstated. Mulvihill declared today, prior to the assembling of the committee, that he had never profited one cent by reason of Dodge's practices in saloon cases.

Most of the day's session was occupied with hearing testimony from a multitude of character witnesses in behalf of Mulvihill. A. C. Stewart, president of the police board, testified that Mr. Mulvihill had been impartial in the discharge of his duties. Captain James Johnson of the police force testified that Mulvihill had revoked 26 saloon licenses in his district during the past 18 months, and that it was his observation that the excise commissioner had impartially and rigidly enforced the saloon laws. Mr. Mulvihill stated that he had no intention of resigning his position, but would do so if requested by Governor Folk.

ICE TRUST FOUND GUILTY

NEW YORK, Jan. 29.—The appellate division has handed down a decision affirming the verdict of the lower court against the Atlantean Ice company in favor of the city for alleged violations of the ordinance relating to short weights.

Some fifty violations were entered against the company, eight of which were tested for trial. There is a penalty of $25 in each case. By the decision the ice company is held responsible for the acts of its drivers.

EIGHTY MINERS ARE KILLED

TERRIFIC EXPLOSION IN WEST VIRGINIA COAL MINE CAUSES DEATHS.

SMALL HOPE OF RESCUE

MAJORITY OF THE DEAD ARE AMERICANS WITH LARGE FAMILIES.

MINE HAS ONLY ONE OPENING

Rescuers Making Every Effort to Reach Entombed Men, but There Is Little Hope That Any of Them Are Alive.

CHARLESTON, W. Va., Jan. 29.—With a detonation heard for miles and hurling debris hundreds of feet in the air, dust in the Stuart mine near Fayetteville, exploded this afternoon, drinking a terrible death to 80 or more men who were at work 600 feet below the surface.

There is no chance that any will be taken out alive for it is thought that the terrific force of the explosion snuffed out their lives instantly.

It will not be possible for rescuers to reach the bottom of the shaft for 48 hours.

The disaster is perhaps the worst in the number of killed in the history of the state. Most of the men were Americans and many of them were married and had large families. There were a dozen or more colored men and about 20 aliens among the victims.

The rescue work was begun as soon as the shaft house could be repaired. About two hours after the explosion three men were lowered into the shaft in an improvised bucket. Before descending 60 feet two were overcome and the third was barely able to give the signal to hoist. Further attempts were abandoned.

Air was supplied to the mine by several large fans but they were disturbed and idle about two hours. The fans have been started again and if the men were not all killed it may be that they will have air enough to survive until the rescuers reach them.

The Stuart mine has only one opening, although an entry has been driven for contact with a mine a short distance away. The shaft has three compartments, two for the cages and one for air. Smoke and dust poured into the air shafts for hundreds of feet from the ventilating compartment and it was wrecked. It is stated that nearly all the men were at work in the workings near the bottom of the shaft.

No official announcement of the disaster or its cause has yet been made by the officers of the company. That dust caused the explosion is stated by persons at the scene, but the investigation may prove otherwise. It is stated that little or no gas has been encountered.

The explosion was caused by dust. Every effort is being made to reached the entombed men, but there is little hope that any of them is alive. At the time of the explosion about 200 men were in the shaft.

The Stuart mine is a shaft 568 feet deep. The mine is located on the White Oak Fuel company's private line about four miles from Fayetteville. It has been in operation for three years.

Of the known dead 66 are whites and ten negroes. In addition a number of white Americans had taken employment at the mine so recently that their names were not known to their fellow workmen. About 20 foreigners, whose names have not been ascertained were also killed, it is thought.

THREE MINERS ARE DOOMED

Hope Abandoned of Rescuing Those at Van Houten, N. M.

PUEBLO, Colo., Jan. 29.—A special from Trinidad says advices received there late this afternoon from Van Houten, N. M., 12 miles southwest of Raton, indicate that there is not the remotest possibility of rescuing alive the three miners entombed in Willow mine No. 1, of the St. Louis, Rocky Mountain and Pacific company, by the fire Monday. It is not expected that any bodies will be recovered for a week, as the underground workings are still smouldering.

HE FEARS PATERNALISM

Rep. Mondell of Wyoming Does Not Like Administration of Forestry Policy.

WASHINGTON, Jan. 29.—Representative Mondell, of Wyoming, in discussing the forest reserve policy today in the house said no one could deny that it was a policy of paternalism and centralization "and a policy which should not be extended in this nation further than is absolutely necessary. There must and there will be hardship and irritation incident to paternalism," he said. "We cannot get away from them and we of the west object to having the reserves used as a means for increase of the cost of the products of the reserves to the people of that region.

"I do not intend to criticise generally the forestry service. I have the highest regard for the gentleman at the head of that service. I believe that in the main they are administering these reserves in a fair and reasonable way, but it all illustrates the tendency of this sort of thing, the inevitable effect [illegible]

BIG FIRE IN PHILA.

PART OF BALDWIN LOCOMOTIVE WORKS BURNS.

WITH LOSS OF $1,000,000

FIREMEN AND WORKMEN HURT BY FALLING WALLS.

WHOLE FIRE FORCE FIGHTS

Works Is Largest Industrial Plant in the United States, Employing 15,000 Men—The Fire Will Not Hinder the Output.

PHILADELPHIA, Jan. 29.—Fire which started with an explosion in the paint shop, destroyed an entire section of the big Baldwin Locomotive Works tonight, entailing a loss of $1,000,000. The destroyed building was about 175 feet long, by 150 feet deep, immediately adjoining the main office at Broad and Spring Garden streets, and the erecting shops, smith's shops and foundries. These buildings were threatened as were other departments along Spring Garden street and as Fifteenth street. The entire fire department was called out.

About 1,000 men were employed in the burned building, which was five stories high. The fire was discovered in the east end of the building a few minutes before 6 o'clock when the workmen were preparing to leave. Though the flames spread quickly, all were able to get out safe.

Shortly after the fire started the upper portion of the wall on Spring Garden street fell and one fireman and three workmen were caught by the falling bricks, but fortunately received only slight injuries.

The firemen with the assistance of the fire patrol from the plant succeeded in getting the flames under control within an hour after the fire was discovered.

The Baldwin Locomotive Works is the largest industrial plant in the United States and employs 15,000 men in this city and nearly 10,000 in departments at Lewiston and other places. The fire will not greatly hinder work, as the departments destroyed will be duplicated in other parts of the plant.

TWO TRAINS CRASH

BAD COLLISION BETWEEN FREIGHT AND PASSENGER.

Eight Men Are Injured by Wreck on Missouri, Kansas & Texas Road in Indian Territory.

SOUTH MCALESTER, I. T., Jan. 29.—Eight persons were injured, two fatally, by a collision of Missouri, Kansas and Texas freight train No. 49, bound for Texas, with a local passenger train at Crowder City, I. T., today.

The injured:

Freight Engineer W. B. McCarver of Denison, Texas, fatally.

Freight Fireman Ed. Henderson, fatally.

A. F. Cooper, Denison, Texas, paralyzed by shock.

T. N. Williams, legs broken.

Freight Brakeman R. D. Williams, skull fractured, eyes.

S. V. Linton, McAlester, I. T., head severely cut.

Freight Conductor E. J. Rainey, hip broken.

J. S. Rhodes, member of freight crew, hurt internally.

OIL OCTOPUS FIGHTS HARD

Challenges United States Circuit Court's Right to Subpoena Outside District.

ST. LOUIS, Jan. 29.—In the case of the government against the Standard Oil company the motion filed by the Standard and subsidiary companies of the alleged so-called oil combine challenging the right of the United States circuit court of appeals to issue an order allowing the government to get service upon the defendants that do not reside in the district where the suit is filed, will be heard tomorrow. The argument will be made before the United States circuit court of appeals with all four judges sitting. The judges are Sanborn, Hook, Adams and Vandeventer.

An order was recently made by the court granting the government the right to subpoena in any part of the United States, to appear at the trial of the suit against the alleged Standard Oil combine, in St. Louis.

The defense filed a motion to set aside the order on the ground that "the ends of justice did not require the issuance of the order for subpoenas and that the order was made without warrant of law and without jurisdiction," as the Waters-Pierce Oil company was the only defendant that had a charter within the district where the suit was filed.

WILL BRYAN ACCEPT?

Asked to Address Utah Legislators by an Impolite Vote.

SALT LAKE CITY, Jan. 29.—By a margin of one vote the state house of representatives today invited William J. Bryan to deliver an address before it during his coming visit to Salt Lake. The vote stood 22 to 21, fourteen Republicans voting with the Democrats to carry the motion.

TWO ARE EXCUSED

PAIR OF JURORS IN THAW TRIAL DROPPED.

NO EXCUSE IS OFFERED

TWO NEW JURORS WERE OBTAINED DURING THE DAY.

THAW APPEARED PLEASED

His Attorneys Have Nearly Exhausted Peremptory Challenges. Taking of Testimony Will Not Begin Until Thursday or Friday.

NEW YORK, Jan. 29.—The first big surprise in the trial of Harry K. Thaw came today when Justice Fitzgerald, on the motion of District Attorney Jerome, and with the consent of the attorneys for the defense, announced that two of the jurors selected in the early days of the proceedings would be excused.

"Without any reflection whatever on the jurymen," said the presiding judge, "jurors numbers 1 and 8 will be excused."

The men in question were Arthur S. Campbell, a superintendent of telephone construction, and Harold P. Peirce, a printer and publisher. The court room was crowded for the opening of the afternoon session when the announcement was made.

District Attorney Jerome said: "The reasons for this action will not be made public but they are of a business nature."

When the excused jurors left they were besieged by questioners. Mr. Peirce created a mild sensation when he asserted that he was utterly in ignorance of any reason why he should be asked to step down. He said:

"The announcement in court was the first knowledge I had of the intended action. In passing through the court corridors this morning I heard a mere remark that two of the Thaw jurors were to be excused today. I had no idea that the remark could in any way refer to me."

Mr. Campbell, the second of the excused jurors, declared, however, that he had much respect for the court, so gave an interview. It was generally reported that Mr. Campbell had asked to be excused. He begged to be excused when first placed on the jury.

One new juror had been added to the trial panel when the excuse of Peirce and Campbell was announced and a second was subsequently secured, thus offsetting the loss.

When court adjourned there were nine men in the jury box. Forty-six talesmen were called before the two satisfactory jurors were obtained. This exhausted the original panel of 200 men and used up 38 of the 100 panel of 100 summoned yesterday. The two new jurors sworn in today were:

No. 10—John S. Denee, traveling freight agent, 38 years old, unmarried. A native of New Orleans.

No. 4—David H. S. Walker, real estate [illegible] and unmarried. A son of John Bitsbin Walker. He was chosen during the afternoon session and replaced Juror Campbell.

Thaw seemed well pleased with the selection of Denee and Walker and smiled when the prosecution withdrew pending challenges. As soon as Mr. Denee said he was a Louisianan Thaw was seen in earnest conversation with his lawyers.

Mr. Walker was accepted by the defense in spite of the fact that he said he knew Stanford White and many of the dead architect's friends. He also had formed an opinion in the case and expressed it many times. These facts, Mr. Walker declared, however, would not prevent his rendering an impartial verdict. He had not seen White for a year before his death.

Thaw's attorneys set a high watermark for peremptory challenges today when they summarily excused seven talesmen. The state challenged peremptorily only once. The defense now has 15 peremptory challenges left and the state 17.

The members of the Thaw family were all in court and for once disarmed those who had circulated reports of family quarrels. Mrs. William Thaw, mother of the prisoner, conversed and chatted with Mrs. Harry Thaw constantly. The Countess of Yarmouth also talked freely with young Mrs. Thaw. Miss May MacKenzie was a participant in several of the family chats, notably during the lunch recess, when the party sat for a time in a circular group. The prisoner seemed in high spirits, and the fact that the actual hearing of the case had been put back a full day or more by the excusing of two jurors did not seem to have the least effect on him. It is now believed that the taking of testimony cannot be reached before Thursday afternoon or Friday morning.

DRYDEN STILL IN LEAD

Deadlock Over Senator in New Jersey Unbroken.

TRENTON, N. J., Jan. 29.—Two New Jersey legislature today took three ballots on the United States senatorship. The first resulted: Dryden, Republican, 35; Griggs, Republican, 6; Pitney, Republican, 2; Stevens, Democrat, 16; Wilson, Democrat, 12; Martine, 1. Assemblyman Davidson, one of Senator Dryden's supporters was absent because of the death of his wife. The second and third ballots showed the change of but one vote in the Democratic column.

After the joint session both houses adjourned for the week, and the formality of a few members holding a joint session daily will be repeated until Tuesday.

WHO KILLED THEM

GOVERNMENT CLERK ARRESTED FOR TRIPLE MURDER.

SAYS WIFE KILLED HERSELF

THEIR TWO CHILDREN FOUND DEAD UNDER A BED.

POLICE DOUBT HIS STORY

Suspect Had a Quarrel With His Wife Preceding the Crime, and Neighbors Heard Pistol Shots. Husband Goes After a Physician.

WASHINGTON, Jan. 30.—At 6 o'clock this morning the police arrested M. E. Copely, a clerk in the census office, on suspicion of having murdered his wife, Amanda Copely and his two children, Raymond two years old and Ruth three months old. The Copelys had a quarrel last night before retiring and shortly after midnight Copely called in a physician, saying that his wife had committed suicide.

The physician notified the police and on investigation it was found that the two children had been killed, but were concealed under the bed covering. The Copelys reside at 1921 Rhode Island avenue, one of the most fashionable sections of the city and persons living in that vicinity reported to the police that they heard two pistol shots shortly before midnight.

According to the story Copely told the police, his wife and the children retired at 9 o'clock and within an hour he heard the report of two pistol shots. He declares that he immediately called a physician. He denies that he shot his wife and children. He is now held at the Ninth Precinct police station pending an investigation.

SWETTENHAM APOLOGIZES

Governor of Jamaica Regrets Writing Epistle to Admiral Davis.

LONDON, Jan. 29.—The Associated Press says that the international phase of the Kingston incident has been finally closed by Governor Swettenham formally withdrawing his letter to Rear Admiral Davis and expressing his regret for having written it.

PEOPLE CENSURE OFFICIALS

Kingston Business Men Deplore Action of Government Officers.

KINGSTON, Jamaica, Jan. 29.—A largely attended meeting and representative men was held yesterday evening to consider the scheme advanced by Archbishop Nuttall for the government of Kingston in the present crisis and the reconstruction of the city. The recommendations were unanimously indorsed.

Another large meeting, called by the merchants' exchange, was held this afternoon. Colonel Ward, president of the exchange, and a member of the privy council, was to have presided, but refused to take the chair on hearing that an attack would be made on the conduct of Governor Swettenham toward Rear Admiral Davis. The following resolutions were passed:

"This meeting deplores the enormous loss caused the community, and particularly the mercantile community, by the wholesale pillaging of shops and stores. Such pillaging being due to the lack of [illegible] on the part of the government not calling citizens to its aid and its refusal of the valuable succor offered to the navy of the United States, which would have prevented much of the loss that has occurred. This meeting with deep regret, desires to place on record its conviction that the chief executive officers of the government have been and still are out of touch with the community generally and that this attitude on the part of the said officers would appear to render them incapable of coping with a situation in the only way practicable, namely, that of concerted action by all persons concerned."

TO CIRCLE THE GLOBE

GEN. BOOTH PLANS JOURNEY TO MANY LANDS.

Will Visit Japan and China Via The United States and Canada.

LONDON, Jan. 29.—Gen. William Booth, the aged founder and head of the Salvation Army, has mapped out several travel tours for this year, including two visits to the United States. This evening the general left for Berwick, Norway and Sweden, where he will [illegible] meetings today. February 23, he will leave for New York. He will spend two weeks there before proceeding by way of Canada to take the steamer Minnesota, April 3, for Japan. After traveling through Japan, General Booth will go on to Pekin. He has not yet decided whether he will return to England by the Siberian railroad or via the Suez canal. In any event he will be back in London by July 1, to commence another automobile campaign through the British Isles. At the conclusion of this trip, in October, he will again cross the Atlantic for a visit to [illegible] part of the United States.

KANSAS CITY, Jan. 29.—Hackenschmidt's manager has accepted the offer of the Missouri Athletic club for a match with Gotch in Kansas City in May next for a purse of $10,000 for the world's championship wrestling title, winner to take [illegible]

FINDS FORTUNE IN TRUNK

$35,000 Worth of Jewels Discovered in Chest.

NEW YORK, Jan. 29.—Diamonds and other jewels valued at $35,000 were found today in an old trunk in the home of the late Charles Tripler of Manhasset, L. I., discovered by Rudd Tripler, son of L. B. Tripler, who knew nothing of these valuables until he broke into the trunk.

FOLEY'S HONEY and TAR CURES Coughs and Colds PREVENT Pneumonia and Consumption

Foley's Honey and Tar not only stops the cough, but heals and strengthens the lungs and prevents serious results from a cold.

There is no danger of Pneumonia, Consumption or other serious lung trouble if **Foley's Honey and Tar** is taken, as it will cure the most stubborn coughs—the dangerous kind that settles on the lungs and may develop into pneumonia over night.

If you have a cough or cold do not risk Pneumonia when **Foley's Honey and Tar** will cure you quickly and strengthen your lungs.

Remember the name — **Foley's Honey and Tar**—and refuse any substitute offered. Do not take chances with some unknown preparation that costs you the same when you can get **Foley's Honey and Tar,** that costs **you no more** and is safe and certain in results. Contains no opiates.

Cured After Physician Said He Had Consumption.

E. H. Jones, Pastor M. E. Church, Grove, Mo., writes: "About seven or eight years ago I had a very severe cold which physicians said was very near pneumonia, and which they afterwards pronounced consumption. Through a friend I was induced to try a sample of Foley's Honey and Tar, which gave me so much relief that I bought some of the regular size. Two or three bottles cured me of what the physicians called consumption, and I have never had any trouble with my throat or lungs since that time."

Three sizes—25c, 50c, $1.00. The 50 cent size contains two and one-half times as much as the small size and the $1.00 bottle almost six times as much.

SOLD AND RECOMMENDED BY ALL DEALERS.

NEW SHAH SAYS "PSHAW!"

Uncle Gave Away Too Much and All Gifts Will Be Canceled.

TEHERAN, Jan. 29.—The Persian parliament has determined to cancel all gifts of land made by the late shah, after the proclamation of the constitution and to investigate the circumstances under which they occurred. This measure is in accord with the wishes of the present shah. It will affect several princes and many members of the entourage of the late shah, who took advantage of the dying monarch's illness to secure enormous grants.

PAY UP OR BE SOLD OUT

Tax Sale Involving Millions Proposed in the City of New York.

NEW YORK, Jan. 29.—About the biggest tax sale ever proposed in the city of New York has been ordered by Controller Herman A. Metz. He has instructed the collector of assessments and arrears to proceed at once with the sale of all property in the boroughs of Brooklyn, Queens and Richmond on which arrearages prior to 1904 exist. Millions of dollars are involved. The sale will include uncollected special franchise taxes on railroads and other corporations.

The Long Island Railroad company paid up its special franchise tax today. It amounted to $25,000 for 1906, 1904 and 1905.

COLLEGE NOTES

PROVIDENCE, R. I., Jan. 29.—The tenth and eleventh ballots for the election of a United States senator showed no change. Goddard had 49; Colt, 38; Wetmore, 31; Utter, 1.

JASPER, Ind., Jan. 29.—The Dubois county grand jury today returned an indictment charging Charles Behrens with embezzling $47,000 from the People's State bank at Huntingburg, Ind. Behrens was released on bond.

ROCHESTER, N. Y., Jan. 29.—A. F. Laudensack of New Haven, Conn., today established a new record in the rapid-fire contest at the third annual tournament of the indoor 22-caliber rifle league of the United States, making eighty-six shots in a minute.

BRISBANE, Queensland, Jan. 29.—The government schooner Pilot was wrecked during the recent cyclone of Cooktown. Seven persons, including Mr. Hargreaves, a member of the Queensland legislature, were drowned.

WASHINGTON, Jan. 29.—The senate passed a bill today to survey and allot the lands of the Blackfeet Indian reservation in Montana. In calling up the measure, Senator Clark of Montana, remarked that the president had vetoed the measure last year. He said that he believed that the bill in its present form would meet the president's approval. It was passed.

ST. PETERSBURG, Jan. 29.—George Von L. Meyer, the retiring American ambassador, left here at noon today for Berlin. Many prominent persons gathered at the Imperial pavilion in the railroad station to bid him farewell.

OMAHA, Jan. 29.—Ex-Congressman W. J. Connell, who was yesterday adjudged guilty of contempt by Judge Sutton of the district court, after trial, was today sentenced to pay a fine of $100. Connell was charged with trying to browbeat the court in the recent coal trust trial.

WASHINGTON, Jan. 29.—The senate today passed the diplomatic and consular appropriation bill, carrying $5,685,447. An amendment presented by Senator Lodge was agreed to, providing that the salaries of all consular clerks be $1,000 per year for the first three years, after which $200 a year is to be added until a maximum of $1,800 is reached.

CLEVELAND, Jan. 29.—The revision of playing schedules of the American and National baseball leagues was completed here today by Presidents Johnson and Pulliam. The conference was begun yesterday and it was said tonight that while it was found impossible to avoid some conflicts in cities where both leagues are represented, the number had been materially reduced from previous seasons.

LOS ANGELES, Jan. 29.—The charges of fraud entered against Miles Almy, a cargo broker, who was arrested here several days ago, was today dismissed on motion of the prosecution. Almy was accused of having defrauded the Wallace Hopkins company out of $5,000 in connection with a Nevada mining stock transaction. The prosecution stated that no attempt had been made by the Nevada authorities to secure extradition.

How Harriman Worked It

His Merger of the Pacific Coast Railroads Stifled Competition.

SAN FRANCISCO, Jan. 29.—At the hearing before Interstate Commerce Commissioner Lane today much light was thrown on the methods by which E. H. Harriman merged the control of the railways of the Pacific coast.

J. D. Spreckels, president of the Oceanic Steamship company, related the details of the sale of the Coquille River road to the Harriman interests. He said the deal was made through James D. Smith, head of the Western Fuel company. The operation of the railroad was profitable, but the properties as a whole involved a loss, as the steamers were not profitably operated. R. S. Lovett, Harriman's lawyer, examining Spreckels brought out the fact that the Southern Pacific had never competed either for freight or passengers with the Spreckels road and steamers. But Mr. Lane brought out the fact that no railroad except the Southern Pacific had endeavored to buy the properties and Mr. Severance made Mr. Spreckels admit that there would have been competition if the sale had not been made as the Southern Pacific intended to build into the territory if it could not buy out the Spreckels line.

A. H. Payson, vice president of the Santa Fe, testified that his duties were confined to the acquisition of terminal property in this city and had nothing to do with traffic. He admitted that he was one of the incorporators of the Northwestern road consisting of the Santa Fe and California Northwestern railroad. He said the Santa Fe owned the 50-mile road from Arcata to Eureka.

Attorney C. A. Severance, special counsel for the government, conducted the examinations of witnesses, the railroads being represented by Attorneys Peter F. Dunne and Peter A. Lovett, of New York, who were coached at critical moments by Traffic Manager J. C. Stubbs of the Southern Pacific.

The afternoon session was given entirely to the examination of R. P. Schwerin, vice president and general manager of the Pacific Coast Steamship company. Mr. Schwerin in reply to a question as to how the company's business was divided between the Southern Pacific and Santa Fe said:

"When one ship comes in we give all her cargo to the Southern Pacific. When the next comes in we give her cargo to the Santa Fe. This has been the practice for the past six months. Of course it is an arbitrary practice but we may alter it as we see fit. We give the Santa Fe an amount as nearly as possible proportionate to the amount of freight they give us for shipment to the orient. The Southern Pacific will never interfere with any ship under my management."

Mortgage sale of furniture at auction today at 10 a. m. 118 East Pikes Peak.

THE "JIM CROW" PROBLEM

Framers of Oklahoma's Constitution Debating Whether to Draw Color Line on Cars.

GUTHRIE, Okla., Jan. 29.—By far the most interesting session of the convention which is in the midst of a constitution for the proposed state of Oklahoma was that of this afternoon when the Jim Crow problem stole into the debate on the committee report forbidding marriage between whites and blacks and the Indian and negro races.

The question of inserting in the constitution a plank providing for separate cars and waiting rooms in Oklahoma is the most delicate that confronts the delegates. The self-styled "conservatives" headed by Murray, Haskell and Hayes, are opposed to the proposed measure on the ground that there is danger of the president vetoing the constitution. There is a disposition on the part of the majority to await the answer of the president to a memorial asking his opinion on the proposed plank.

The measure prohibiting intermarriage was adopted by the committee of the whole late this afternoon.

MEXICO IS TO TAX ICE

The Land of Hot Stuff Will Impose Duty on Yankee Coolness.

EL PASO, Tex., Jan. 29.—Ice manufacturers along the border have been notified that the Mexican government will soon place a duty on ice. Nearly all the ice consumed in northern Mexico is manufactured on the Texas side and enters Mexico free of duty. The Mexico tariff on ammonia used in the manufacture of ice is so high as to make it impossible to manufacture ice in Mexico in competition with ice admitted free.

HAWAII TO IMPORT DONS

Immigration Society Charters a Steamship to Bring One Thousand Spaniards.

HONOLULU, Jan. 29.—The Hawaii Immigration society has chartered a steamship in London for the purpose of bringing one thousand Spaniards to Hawaii. The contract price for transportation is $75,000.

The steamer America Maru which arrived from Yokohama today reported one death from bubonic plague. The America Maru was placed in quarantine where she will be held until tomorrow when she will continue on her voyage to San Francisco.

COUNT TOLSTOI NOT DYING

His Son Says Father Has Only Bronchial Trouble.

STOCKHOLM, Sweden, Jan. 29.—A dispatch to Dagblad from St. Petersburg, says that Count Tolstoi, the novelist and social reformer, is dying.

A son of Leo Tolstoi said today, regarding the rumored dangerous illness of his father, that the famous author had an attack of influenza last December, but that he recovered. Since then he contracted a bronchial trouble, but this illness is taking its normal course and the patient is not in danger.

Stop Drinking!

Orrine Will Destroy All Desire for Whisky or Beer.

A Michigan druggist, H. G. Coleman, has made a thorough study of various cures for the liquor habit, and gives this as a result of his investigation: "Before taking the agency of Orrine, I went to a considerable trouble to learn about it and become confident that it was a thoroughly honest preparation and put out by a reliable firm."

Write for free book on the cure of alcoholism to the Orrine Co., Washington, D. C. Mailed sealed. Orrine costs $1 per box.

Orrine is sold by D. Y. Butcher Drug Co., 124 East Pike's Peak.

TELEGRAPH WINS GAME

TAKES THIRD OF SERIES OF THREE-CORNERED MATCHES.

Stanley Makes Highest Individual Score—Contest for City Championship Tomorrow.

In one of the most hotly contested games played in Colorado Springs this season the Telegraph team last night won the three-cornered bowling match from the Brunswick and Gazette fives on the Brunswick alleys. The Gazette team took second place. It was the third game of a series of five. The first two games were won by the Gazette and Brunswick teams, respectively. Stanley of the Telegraph team, made the highest individual score, making 219 in the first game. Davies of the Brunswicks was second, with 207 pins to his credit. The winning score was 2,511.

The match was for three games, total number of pins. The next match of the series will be played next Tuesday night at 7:30 o'clock. Tomorrow evening, on the Brunswick alleys, Hanley and Davies will defend their title of bowling champions of Colorado Springs against Rowan and Stanley, whom they defeated last Thursday night. The match will doubtless be an interesting one, as the players have been getting into shape since the last game.

Last night's scores follow:

TELEGRAPH				
Stanley	219	156	116	511
Allen	181	175	157	493
Hanley	154	188	153	495

"INTERNATIONAL MATCH."

Interesting Billiard Match at Alta Vista Hotel.

Two Americans played a three-cornered match of English billiards against an Englishman and an Irishman in the Alta Vista hotel last night, the foreigners winning the second and third games and the contest. A large crowd of spectators assembled in the billiard room of the hotel to watch the game, which was facetiously termed the international match.

The contestants are all well known in this city. J. M. Edwards whose home is in Melbourne, Australia, is installing the Edwards patent puggers in the Golden Cycle mill in West Colorado Springs. A. H. Flannery, his partner in the game, hails from Dublin, Ireland, and is spending the winter in this city. Of the Americans, E. C.

Catarrh of the Stomach

A Pleasant, Simple, But Safe and Effectual Cure for It.

COSTS NOTHING TO TRY.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlansen, the safest and best treatment is to use after each meal a tablet, composed of pepsin, Asaptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found in all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. B. S. Workinger, Chester, Ill., writes: "I had a severe cold resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I can not find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, Catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send your name and address today for a free trial package and see for yourself. Address F. A. Stuart Co., 58 Stuart Bldg., Marshall, Mich.

RACING RESULTS

LOS ANGELES, Jan. 29.—Rain fell at Ascot today and made the track a bit slow. Results:

First race, mile, selling—Nealness won; Roman Boy, second; All Right, third. Time, 1:44.

Success is the Watchword

New York Doctors' Patients Offer Praise and Give Experience.

When a man does a good thing no apology should be required of him for doing it, therefore the writer does not offer any apology for producing this article. The experiences of the following patients who have taken treatment of the New York Doctors are genuine and all that you have to do to satisfy yourself of that fact is for you to call on them as their addresses are given and they will talk with you freely. Hundreds of others are on file in this office and can be seen by calling here. A great many people do not want their names in the paper and their wishes are strictly followed.

The New York Doctors are SPECIALISTS in CHRONIC DISEASES of MEN, WOMEN and CHILDREN and are more thoroughly equipped to treat these diseases than any other staff of specialists in this vicinity.

Mrs. Chris. Brown, 1210 Grant avenue. Says: "Six months ago I was down in bed with NERVOUS PROSTRATION and a complication of troubles. I was so weak that I could not even whisper loud enough to be heard two feet from my lips. I had been going down hill for two years and had a bad cough; everyone thought I had consumption. Now I am strong and well and can do housework for a family of five. My cough is all gone and I have gained fifteen pounds in weight."

Mrs. R. H. Thompson, 121 South Corona. Says: "New York Doctors have treated me for two months for NERVOUS PROSTRATION and general nervous debility. Four different friends of mine who had been cured by these doctors advised me to consult them and I have never been sorry that I took their advice. While under their care I observed dozens of people taking treatment there and every one improved rapidly."

Mr. F. E. Wight, 1818 Midland avenue. Says: "When I consulted New York Doctors three months ago I certainly was a sick man. Several years ago I had typhoid fever and ever since have been in delicate health and unable to do any work, my lower limbs and lower bowels were nearly paralyzed. Now I feel like a new man. Eat and sleep well and can do as hard a day's work as any man and am working hard every day. They were equally successful with other members of my family. Any evening after 6 o'clock I will be pleased to talk to anyone about these doctors."

Mrs. W. F. Durkin, 809 South Sahwatch street. Says: "For three months I have been taking New York Doctors FRENCH TRANSFUSION TREATMENT for CONSUMPTION and I find myself very much improved. Night sweats all gone and fever all gone. I have gained in weight and strength very materially. Consumptives should give this treatment a trial as it is the one rational treatment for lung trouble."

Miss Maybelle Dunn of Dwight, Kansas. Says: "I have had pneumonia several times and was sent out to Colorado to die with consumption. I had a bad cough and bad hemorrhages. The week before I started treatment of New York Doctors I had eighteen hemorrhages. They told me that my lungs were sound and that the hemorrhages came from the throat. Suffice to say that I have never had but one after starting treatment and gained eighteen pounds in two months. It is wonderful for me to say what any opinion of the skill of these doctors."

Mrs. S. R. Cone, of 812 South Royer. Says: "I had three tumors which made life a burden for me. After taking six months treatment from New York Doctors I can hardly tell where these tumors were and all this without the use of the knife. My waist line has decreased about twelve inches. Doctors who help me, get my praise."

Mr. Henry Christy, 415 South Weber. Says: "I never felt better in my life than I do after a four months' course of treatment with the New York Doctors. I had a severe case of Bronchitis and was in poor health generally. I could neither eat, sleep, nor work but now I feel entirely well. Ask me about these doctors if you want to know anything about them."

Besides using electricity of all kinds we use all the mechanical appliances together with Osteopathy, mechanical vibratory stimulation and the best remedies in all three schools of medicine. All medicines are dispensed from our own laboratories and included in your treatment.

CONSULTATION AND EXAMINATION are FREE.

Call and see us. We have a special offer to make you.

Two Things are Neccssary

For You to do to Get Three Months' Free Treatment from New York Doctors.

TREATING CONSUMPTION by the TRANSFUSION METHOD

The New York Doctors are desirous of treating as many patients as possible in this vicinity this winter and spring and to that end are willing to put in many hours of time and labor.

For the benefit of those who are not acquainted with the New York Doctors we wish to say that these doctors are specialists who treat chronic diseases exclusively. Family doctors and general practioners usually have all they can do to attend bedside calls and acute cases. Therefore, they do not prepare themselves to treat chronic diseases. Doctors who treat chronic diseases are in a class by themselves as exclusively as the eye specialist or the dentist. It takes years of special study and training to become a chronic disease specialist and it takes thousands of dollars to outfit an office with machinery and apparatus necessary to treat these diseases to the best advantage.

The New York Doctors have put in years in special study and practice. They have spent thousands of dollars for the most up-to-date equipment that money could buy and they have spent five years right in Colorado Springs curing chronic diseases.

Your friends and neighbors know these doctors and know that they are thorough and scientific. They also know that when they say free treatment they mean free treatment and if you come in answer to this article all you will have to pay will be for the drugs used in your case. This gives you an opportunity to be treated at cost price.

If you or any member of your family are sick with any kind of stomach, bowel or liver trouble, such as dyspepsia or chronic biliousness, sick headache, kidney or bladder trouble, nervousness, rheumatism, asthma, any disease of nose and throat, heart disease, consumption, catarrh, goiter, tumors or enlarged glands, call and see these doctors. Their examinations are free. They also treat diseases peculiar to women, diseases of children, and special diseases of men. In fact all chronic diseases.

All you have to do to entitle you to three months' free treatment is to make application in person before next Saturday night and bring this ad with you.

WILL KEEP CONTROL

BURNS CROWD HAS LITTLE CHANCE TO GET IN.

Portland Company Warns Stockholders Against Action of Pottawattamie, Iowa, Co. Officials.

The approaching regular meeting of the stockholders of the Portland Gold Mining company, which will be held in Cripple Creek next Tuesday, has given rise to the perennial report that James F. Burns, the former president of the company, is planning means to oust the present management, and that a fight is expected. It is learned on reliable authority that the present board of directors represents considerably more than a majority of the outstanding shares of issued capital stock, and that the stockholders meeting next week will result in the election of practically the same directors now holding office.

The Portland company has issued a circular to stockholders with regard to the action of the Pottawattamie, Ia., officials in trying to collect taxes levied against the company for the six years prior to the company's incorporation in Wyoming in 1906. The circular, which is self-explanatory, is as follows:

To the Former Stockholders of the Portland Gold Mining Company of Iowa:

In pursuance of an order recently secured from the district court of Pottawattamie county, Iowa, the attorneys of said county have just completed an examination of the stock ledgers of the Portland Gold Mining Company of Iowa, at Colorado Springs, and have prepared a list of names and addresses of shareholders from 1901 to 1906, inclusive, for the evident purpose of levying an assessment upon the shareholders comprising said list, for the shares held by them for taxes during said period or some portion thereof.

The procedure provided by the laws of Iowa for this purpose requires that the shareholders be notified of such intended action by the assessing authorities of the county, whereby they may be given an opportunity to appear and make defense if desired. This company has appeared for and resisted such attempts as have been heretofore made against nineteen of the principal former shareholders and it will appear for and make similar resistance for those against whom proceedings may be hereafter instituted. You are therefore requested to promptly transmit to the company any and all notices, pattions or other documents relating to this subject, which may be served upon you by mail or otherwise by the authorities or attorneys of said Pottawattamie county.

THE PORTLAND GOLD MINING COMPANY.

TO GIVE LECTURE-RECITAL

Mrs. Churchill to Appear Under Auspices of Woman's Club.

A lecture-recital will be given by Mrs. Uskali Stillson Churchill of Denver next Saturday evening at 8 o'clock in the Guild hall of Grace church, under the auspices of the art and literature department of the Woman's club of Colorado Springs. Mrs. Churchill has selected "The Eternal Feminine" for her subject and it will be treated under the following subtopics:

"Love—Motive Power" (illustrations)
"Great Women in Literature"
"Browning"
"Shakespeare's Heroines," "Real Women in Everyday Life"

"Flower Fetches" ..... Wilson
"I Love You Truly" ..... Carrie Jacobs-Bond
"Flower Girl" ..... Denza

The recital is open to the general public, and a large attendance is expected. A nominal admission fee will be asked to defray the expenses.

BEGIN PRACTICE—With about thirty-five men out, baseball practice was begun by the Colorado College Tigers on Washburn field Monday afternoon. Yesterday afternoon the baseball squad was out again in charge of Coach Falk. The College academy players were also practicing.

Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration or prostration, another with pain here and there, and in this way they all present themselves and their case going and indifferent, or as they say, doctor, says it is and distinct disease for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause, is suffering encourages this practice until serious ills are made. The suffering patient is no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause*, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skilful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effect in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an upbuilding cordial and restorative tonic.

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, hysteria, spasms, chorea, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional disturbance of the organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels. One to three a dose. Easy to take as candy.

HEAVES BRICK AT WINDOW

Mike Lahey, Expelled From Saloon, Retaliates by Smashing Plate Glass.

Angered because he was expelled from the place as a result of a quarrel a few minutes before, Mike Lahey, a Short Line employe, is claimed to have thrown a brick through the plate-glass front window of the Manhattan saloon, owned by A. E. Clouson, at 430 Colorado avenue, at 9 o'clock last night. The brick, after crashing through the window, struck a glass show case in the rear of the saloon.

Lahey was arrested shortly after midnight by Patrolman Standish of the local police force, and Constable Kinney of Colorado City. He was charged with disturbance and malicious mischief. He was found in bed at the St. James hotel, this city, where he lives. Lahey was placed in the city jail for the night.

The prisoner is claimed to have been drinking heavily and was put out of the saloon as a result of a disturbance alleged to have been started by him.

Personal Mention

Mrs. E. H. Witherell and her daughter, Miss Witherell, are recovering from an attack of the grip.

Miss Roy Munger, of Denver, Pa., is visiting her sister, Mrs. J. R. Richards, 1615 North Cascade avenue.

S. A. Shattuck, traveling passenger agent of the Baltimore and Ohio railway, is in the city from Denver.

Mrs. Roy Munger of Denver, Pa., is the guest of her sister, Mrs. J. R. Richards, 1615 North Cascade avenue.

W. D. Shenwell, of this city, and a mining expert from Salt Lake City, have gone to Nevada where they will get a shipment of ore from the Champ Ford, Ltd., property in Lincoln county.

Mrs. Isabella Owsley, of Fifth avenue, New York who has had an display at the Antlers hotel the past week in the form of fine lamps and candle shades, Du Barry hat boxes, brocades and cretonne novelties together with antique French prints, will remain another day in the city. Those who have not seen this fine collection still have an opportunity to obtain some choice additions to their own collection and be certain of getting originals as these articles are all sent to Mrs. Owsley by her sister in Paris. These art novelties can be seen at the Antlers hotel until this evening.

Seldom do Colorado Springs connoisseurs and collectors have an opportunity to make selections from so high class and exclusive line as this and it is due to the enthusiastic visit of that Mrs. Owsley has been induced to remain another day.

COLORADO CITY NEWS NOTES

The Colorado City Republican, a weekly publication issued in the interests of the Republican party, will make its first appearance this morning. William Gessfeld is editor, and Frank L. Wolff is advertising manager. The paper will devote its space to such questions as concern Colorado City and its business interests. It is said that Republican principles in all political affairs will be advocated by the Colorado City Republican. The publication will be issued weekly, or oftener as the management sees fit. The paper is published by the Colorado City Republican Publishing company.

Articles of incorporation will be filed today with the secretary of state by the Colorado City Stove and Furnace company, which was formally organized Monday night. The company will be capitalized at $10,000. Officers will be selected shortly after the company has been incorporated and work will begin as soon as a site can be secured. The directors of the company held a meeting yesterday morning to consider sites for the foundry and a selection will be made within a few days.

A movement is on foot to ask the Colorado Springs water department to establish a branch office in Colorado City for the convenience of citizens of this city in paying their water rates.

Mrs. Bishop will entertain the members of the Parish guild of the Church of the Good Shepherd at the parish house tomorrow afternoon.

The ladies of the Christian church meet for work at the home of Mrs. Jackson, 310 Jefferson avenue, at 2 o'clock this afternoon.

Word has been received here of the death in Prescott, Arizona, on January 22, of Mrs. M. C. Desmore, formerly of Colorado City.

Paul E. Herzog, of this city, who recently underwent an operation at the St. Francis hospital, is improving.

The Social club will give its regular weekly dance in the Wasson Opera house tonight.

Move cheaper, quicker and better in padded vans. C. M. Sherman.

COLORADO SPRINGS TO RECEIVE THE BEST THE MARKET AFFORDS.

During the show of thoroughbred cattle and fancy stock shown in Denver last week there was a fancy Hereford steers which took the first prize and were sold to the Western Packing company. These steers were sold last year at the Denver Live Stock show as calves, and were bought by W. H. Moore, of Brush, Colorado and taken to his ranch and have been on full feed of grain and hay ever since and are now about 16 months old, and weigh 1,155 pounds each, which is more than double the weight a year ago and are first prize winners at the Live Stock show this year.

The Western Packing company has resold these cattle to E. P. Sommers, F. C. Hayman, Morse & White and Schmacher & Geyer. They will arrive in Colorado Spring Monday, February 4th, and will be on sale at the above parties' places of business.

If you want something strictly first-class in the meat line, call on the above parties and you will be assured of getting the best the market affords.

DO YOU GET UP WITH A LAME BACK?

Have You Rheumatism, Kidney, Liver or Bladder Trouble?

To Prove What Swamp-Root, the Great Kidney, Liver and Bladder Remedy, will do for YOU, all our Readers May Have a Sample Bottle Sent Free by Mail.

Pain or dull ache in the back is unmistakable evidence of kidney trouble. It is Nature's timely warning to show you that the track of health is not clear.

If these danger signals are unheeded, more serious results are often sure to follow. Bright's disease, which is the worst form of kidney trouble, may steal upon you.

The mind and immediate effect of Swamp-Root (the great kidney and bladder remedy is soon realized. It stands the highest because its remarkable curative power has been proven in thousands of the most distressing cases. If you need a medicine, you should have the best. A thorough trial will convince anyone.

LAME BACK.

Lame back is only one of many symptoms of kidney trouble. Other symptoms showing that you need Swamp-Root are, being obliged to pass water often during the day and to get up many times during the night, inability to hold your urine, smarting or irritation in passing, brick-dust or sediment in the urine, catarrh of the bladder, uric-acid, occasional headache, dizziness, poor digestion, sleeplessness, nervousness, sometimes the heart acts badly, rheumatism, bloating, irritability, worn-out feeling, lack of ambition, loss of flesh, sallow complexion.

If your water when allowed to remain undisturbed in a glass or bottle for twenty-four hours, forms a sediment or settling, or has a cloudy appearance, it is also evidence that your kidneys and bladder need immediate attention.

In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has yet been discovered.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

EDITORIAL NOTE.—In order to prove the wonderful merits of Swamp-Root you may have a sample bottle and a book of valuable information, both sent absolutely free by mail. The book contains many of the thousands upon thousands of testimonial letters received from men and women who found Swamp-Root to be just the remedy they needed. The value and success of Swamp-Root are so well known that our readers are advised to send for a sample bottle. In sending your address to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the Colorado Springs Daily Gazette. The genuineness of this offer is guaranteed.

WEDNESDAY, JANUARY 30, 1907

CHILD LABOR.

The object of child labor is to get the most work done with the least outlay. Each push even in the factories does not fall in the most favorable lines of work to remedy the evil. The practice of employing children of tender years in mines and factories has been common in this country for a long time, but it is only recently that public opinion in respect to it has received the attention it deserves. A national organization headed by prominent and influential men and women has been formed to do what it can to better conditions, and so much has been written on the subject lately that the public has become informed as to its importance. Senator Beveridge who usually has good sense, but who sometimes runs to long speeches, has introduced a bill in the senate which proposes to prohibit the employment of children in factories and sweat shops. It is doubtful if anything will be done with this bill at this session anyway. Representative Lovejoy's bill seeks to attain the object through the interstate commerce clause of the constitution, but Congress does not seem inclined to exercise the power to do so under that clause.

A few days ago the Census Bureau issued a summary of a report which will soon be published on child labor in the United States, based on the census of 1900. It shows that in that year there were 1,750,178 children between the ages of 10 and 15 years employed at some gainful occupation, including farming, mining and manufacturing. Of this number 1,004,445 were engaged at occupations described as "which usually do not interfere with the opportunity for schooling." Most of the children were found on the farms of the farmers' families.

But of the 688,207 children above 15 years employed only a very few were classed as operatives, of which there in all were 1,750,178. Not a few more than 24,000 of them were employed in the coal mines of Pennsylvania and West Virginia coal districts. Seven out of every eight of the reported were employed either in the mines or around or about breakers—slate pickers. The hours of labor are long—usually twelve—and the work is physically destructive, as the children work in an atmosphere thick with coal dust.

Another industry which claims a large number of child victims is cotton manufacturing. The census shows that in 1900 there were 44,4[illegible] children operatives between the ages of 10 and 15 who formed 18 per cent of the total number employed over the age of 10 years engaged in that occupation. In the South the ratio of children to adults is 1 to 7, and in the North 1 to 15, the disparity being due to the laws in the New England and Middle states forbidding the employment in mills of children under 14 years of age.

More than [illegible] children under 15 years of age in the country are employed in occupations somewhat similar to those found in the mines and factories. In all of these industries the hours are long and the children are compelled to work in bad condition, morally and physically. They are thrown in contact with [illegible] and are thus taught [illegible] of vice. They are deprived of all opportunity of schooling and are stunted in mind and body.

The enormity of this evil cannot be overestimated. It is bad enough for adults to have to work long hours under conditions prevalent in many of our larger industries, but for children of tender years to be subjected to such treatment is a crime. For the victims of the system there is no future whatever. Nothing [illegible] the period when they are learning the benefit of good [illegible] and habits they are being put through a process which can only have the effect of [illegible].

Whether or not the federal government has the power to [illegible] the employment of children under 14 years of age in factories and [illegible] is a question which [illegible] through the courts. The states generally have laws [illegible] the employment of children under certain ages, but the [illegible] are not sufficient to [illegible]. Public opinion must be aroused [illegible] the states to [illegible] the evil. It is of course primarily [illegible] the states, but [illegible] the states [illegible] sufficient so the national government should [illegible]. Federal government [illegible] would not be surprising to hear the devoted adherents of "states rights" raise a howl over the question as another attempt to encroach upon the authority of the sovereign states.

THE PAY OF THE ARMY.

[illegible] the pay of the army [illegible] by voting on the [illegible] for enlisted men, they will feel in the hands of their servants of Uncle Sam. Who are working for smaller pay than they deserve. General Funston's [illegible] comparison of the pay received by Army officers and civilians in San Francisco where [illegible] this subject forcibly to public attention [illegible] comparison was also [illegible] favorable to the bricklayers and hod carriers. A bill designed to remedy this injustice is now before Congress which provides for an increase of $5 per month in the pay of private soldiers and corresponding increases for the officers. It is doubtful whether any action will be taken on it at the present session, which has only about six weeks yet to run, but there is no doubt that the measure deserves to pass.

The pay of the officers and men in the Army has not been increased since 1870, but since that time the wages of each skilled and unskilled laborer have been advanced from [illegible] per cent. The cost of living [illegible] has increased greatly, especially during the last ten years. Meanwhile the pay of soldiers is so small that their financial difficulties have become proverbial. It is next to impossible for even the most economical officer who has a family to support to keep out of debt, and once in debt [illegible] is [illegible] enough to have some [illegible] making money on the outside.

This state of affairs does not reflect much credit on the generosity of our government. Indeed it is decidedly discreditable that the richest nation in the world and the one which [illegible] in proportion to its riches a world power, should be the least expensive army to support, should record its defeat in such measure that [illegible] other [illegible] American soldiers are exceptionally well treated. Their rations are the best served to any army in the world, and their pay small as it is [illegible] than is given to the private soldiers of any other country. But the present question is not how it compares with the pay of soldier in other countries, but whether it is sufficient when judged by American standards of living. The best authorities on the subject seem to agree that it is inadequate, and they are even in a position indeed if the common that the salaries of officers are not too large as they should be.

Mother [illegible] and hostess of the Army that we read about [illegible] what is in the army [illegible] pay for [illegible] on the Army [illegible] the Navy—but the matron must [illegible] [illegible] [illegible]

NOW IS THE TIME TO BUY A **Fine Bath Robe Cheaply**

You have seen in our windows at Christmas those fine imported bath robes and lounging robes. For this sale we have dressed our windows on Tejon street with a few of what we have. There are from fifty to seventy-five of these excellent qualities and beautiful patterns to select from.

A $5.00 Robe at.. **$3.35** A $8.00 Robe at.. **$6.00**
A $6.00 Robe at.. **$4.00** A $10.00 Robe at.. **$6.70**
A $7.50 Robe at.. **$5.00** A $12.00 Robe at.. **$9.00**

With you these robes are good any month in the year. With us the month of December is about the only month our sales are very heavy. That's our reason for such prices.

Holbrook & Perkins

GOLD DOLLAR STATEMENT OUT

New Board of Trustees Severely Criticises Outgoing Management. Will Benefit by New Tunnel.

The newly-selected board of trustees of the Gold Dollar Consolidated Mining company, which succeeded the Woods regime at the annual stockholders' meeting in Cheyenne, Wyo., several weeks ago, has just issued a statement as to the condition of the property as well as the financial affairs of the company.

The statement severely criticises the outgoing Woods management and explains the delay of the new board in issuing a circular to this effect that the three directors representing the Woods Investment company on the outgoing board, used every effort to handicap the taking over of the management by the new trustees.

The circular is signed by H. L. Shepherd, who, with his associates, controls the company. It declares that the old management made no report at the stockholders' meeting and that all books had to be audited as a result, in order to advise stockholders of the present condition of affairs.

Many irregularities, it is said, were found by the new board, both by the management of the property and the accounts of the company as conducted by the old directors. Among them is named the granting of long leases, one of which the lessees, it is claimed, had no intention of working themselves, and the giving of the lease prevented the company from working the ground or leasing it to an active operator. Other charges against the old management are that the profits in working the mine for the five years of its incumbency aggregated $19,648.77, while the office executive expenses for making this profit amounted to $16,702.32.

The bottom of the main shaft is on a level with the water flow, so that all ore produced this year must come from old workings, or from newly-discovered veins. The new shaft on the north end of the property is near the 300-foot point, at which depth the lessees will crosscut to the vein.

The old management, according to Shepherd's statement, started in control five years ago with $4,652.42 in cash and considerable broken ore in the mine. A total of 250,000 shares of treasury stock was sold for $12,654.50, one dividend $12,500 was paid, and a balance of $15,308.59 was turned over to the present trustees. Of this amount, a dividend of $12,500 was paid, leaving the treasury in a depleted condition at present. The present board says Shepherd, would not have paid the dividend, but for numerous demands from stockholders that this action be taken.

The new drainage tunnel will give the property 700 feet of virgin ground beyond its deepest workings, in addition to crosscutting the property and opening up all veins.

MCKINLEY CELEBRATION.—The members of the G. A. R. and W. R. C. held exercises celebrating McKinley's birthday in G. A. R. hall last night.

MANY PRIZES IN STOCK SHOW

A. L. Weston and Son of This City Exhibit Several Winners—Get One Grand Championship.

The grand championship for single fat steers at the Denver stock show last week was awarded to the Weston Breeding and Farm company, A. L. Weston & Son, proprietors, of this city, on their fancy two-year-old pure-bred Hereford steer, Roundup. This animal also won the A. T. Lewis silver cup for best fat steer. He was a very fine animal weighing 1,790 pounds, and at the close of the show was sold in the auction ring for $31 per hundredweight.

Among other prize winners in the show, owned by the Weston Breeding and Farm Co., was the Shire stallion, Wenowa Barmot, No. 5,000 in the American Shire stud book. He was awarded the following prizes: First in the Shire stallion class; first in class for sire and progeny of his get; sire of first prize foal under one year, and second in the grand sweepstakes for draft stallions. In the latter class there were ten entries, all breeds being represented.

TABLET ON HAY CABIN.

Will Fittingly Commemorate Great Literary Achievement.

A bronze tablet commemorating the place in which the Life of Lincoln was written by the late secretary of state, John Hay, and John G. Nicolay, will soon be placed upon the Hay cabin in Crystal park. The tablet will be put there by the recent purchasers of the Hay property, some 320 acres in extent, which lies south of Manitou. The tablet is now being cast in the east and will fittingly commemorate the great literary achievement of Hay and Nicolay.

Do you need a bond of any character? If so, see Clyde L. Starrett, 212 Colorado building. Phone 191.

CARD OF THANKS.

I desire to extend my heartfelt thanks to our many friends for their valuable assistance of myself and family during our sorrow and for their many tokens of sympathy. May God bless them for all that they have done.

J. C. HENRY.

NO OFFICIAL ACTION According to W. W. Williamson, chairman of the committee appointed by the Real Estate exchange to join with a similar committee representing the Merchants association in a conference with local representatives of the Santa Fe road, the report that the members of the committees have expressed a desire to have a subway constructed on Pikes Peak, is unfounded. Mr. Williamson says that the committees have discussed the matter only in an informal way and that no official action has been taken.

EARTH DIDN'T QUAKE TO COMPLETE FIELD

AND NOW EXPLANATIONS ARE BEING MADE.

Prophecy That Colorado Springs and Sister Cities Would be Destroyed Jan 29 Failed to Materialize.

Yesterday, one of the balmiest days of the sunny winter which residents of the Pike's Peak region have enjoyed thus far, should have marked the devastation, by earthquake, of the cities of Colorado Springs, Colorado City and Manitou, according to the prediction made last fall by members of a new local religious sect.

Destruction and ruin, according to the theory of Mikhail Ivan Andreyev, Omaha itinerant evangelist then in the city, would fall on the three towns at the foot of Pike's Peak, and wholesale death and suffering would be visited upon the people. This dire vengeance according to the evangelist, would be the result of the wickedness of the people, whom God, in His wrath, decreed to punish and make an example of for the benefit of other sinners.

The peculiar sect inaugurated by Rhef has no formal name, but it is sometimes called the Religious Association of Divine Inspiration. Its members number white and colored residents of Colorado Springs. Horace Shelby, colored, for the last twenty-two years a member of the local police department, recently sold all his belongings in this city and removed to Los Angeles, Cal., because of his fear, it is said, that the earthquake would destroy him on January 29. Shelby's sister is a member of the religious sect which prophesied the earthquake.

The city council has pending before it an ordinance to pension for life, at half pay, any member of the police force who has served for twenty consecutive years. This makes Shelby eligible for a pension, and it is thought by his friends that he may return to Colorado Springs. Shelby is at present on a vacation from duty.

That the threatened earthquake did not materialize is attributed by the members of the sect, not to any error in their inspiration, or fallacy in reckoning, but to the power which their prayers in intercession for the people have had with the divine power.

The association is not as active as in weeks past. Several months ago a man named Jackson was found by the police in a little shack in the southwest part of the city, slowly dying of starvation. For over two weeks he had not eaten anything and only partook of water at rare intervals. The emaciated man, who was surrounded constantly by a band of exhorting co-religionists, insisted that his fasting would purify his soul. He was bidden, he said, by divine inspiration, to fast. The police were unable to interfere and Jackson was otherwise perfectly sane, thus precluding any action on that score. Jackson finally received an inspiration to cease fasting, he said, and forthwith resumed his daily meals.

A few weeks later, a disturbance in a vacant house on East Cimarron street was reported to the police by the neighbors. Investigation revealed the presence of several of the members of the sect in the house. They were chanting hallelujahs, while in the center of the group, lying on the floor, was a woman about 25 years of age. The exercises were in no way offensive, except for the loud noise made by the worshipers, and they were merely warned to keep more quiet.

CITY HOCKEY CHAMPIONSHIP

Cutler Wins Two of Three Games of Series From the High School.

By defeating the High school team by a score of 1 to 0, Cutler academy Monday afternoon won the city interscholastic hockey championship. Two of the three games played were won by the Cutler lads. The lineup follows: Cutler—Holden, goal; Flentye, point; Whitney, c. p.; P. Coombs, l. w.; Kurrie, r. w.; Tuckerman and C. Coombs, c. High school—Stovell, goal; Morrison, point; Bancroft, c. p.; Doyle, l. w.; Stovel, r. w.; Selbird and Vanatta, c.

INTRODUCES POPULAR BILL

To Regulate Delivery of Messages and Packages.

Senator E. M. De La Vergne, of this city, has introduced a bill in the legislature, providing that all express and telegraph companies in the state shall deliver messages and packages without discrimination or extra charge, to any address within the limits of the city or town to which the message or package is consigned, and also for a distance of two miles from the offices of the companies.

Any person or corporation or agent of any corporation or other person who shall violate the provisions of the proposed act shall be deemed guilty of a misdemeanor and, upon conviction, shall be fined from $1 to $100 for each offense.

The bill is designed to stop much alleged petty grafting on the part of the express and telegraph companies, who charge for delivery beyond a certain zone prescribed by them. It is claimed that the express companies in Denver have gone so far as to force an opportunity independent company, to which they have farmed out the delivery of all express matter beyond the free district.

TWO FINE OIL PAINTINGS

Midland Road Will Exhibit Beautiful Scenic Views.

Two fine oil paintings of picturesque scenery on the Colorado Midland railroad will be placed on exhibition in the windows of the local ticket office of the Colorado Midland today.

The paintings are of the Seven Castles, located just this side of Glenwood Springs, and of Hell Gate, where the railway crosses the continental divide. The paintings were executed by C. H. Harmon and are excellent pieces of work. Each painting is about 6 by 4 feet, and is the original of the color prints the road has issued of the two scenes.

HIGH SCHOOL ATHLETES WILL TRY TO RAISE $1,500.

Football Season Was Profitable but Association is Still $300 in Debt Richards Makes Report.

At a meeting of the [illegible] association of the Colorado Springs high school in the High school auditorium yesterday afternoon a committee composed of Henry Merrill, Charles Friend and Jean Vandiva was appointed to confer with Principal Richards for the purpose of making plans to raise $1,500 for the completion of the High school athletic field at the corner of Uintah and Corona streets. Principal Richards' report for the football season of 1906 shows that the receipts for the season were $364.80, while the expenditures were $261.15. After paying H. Strang $100 on an old debt amounting to $134.70, the association at the present time has left in the treasury $3.75. The total indebtedness of the association at the present time is about $300.

Efforts will be made to have the athletic field completed by March 1. The senior class has pledged $125 for the construction of two gates and ticket offices, while the Anteigaretto league has agreed to raise $400 to be used in the erection of grandstands and bleachers. It is planned to raise one-half of the remaining $1,000 by public subscription, and the school board will be asked to contribute the remainder.

Mr. Richards also spoke of the delay in receiving the football pennants won by the Terrors in 1905 and 1906. The pennant for 1905 was received but the colors used were red and white, instead of the High school colors which are brown and white, and the banner was returned. The pennant won last fall by the Terrors is also due and the treasurer of the interscholastic Football league has been notified several times by Mr. Richards to forward the money for the pennant, but has not replied.

The $300 indebtedness will probably be raised by March when the Turner Art concert will give an exhibit in the High school gymnasium. The school will receive a percentage of all sales made and of the door receipts. At an exhibit given in Leadville a short time ago the school there realized $127.

Mortgage sale of furniture at auction today at 10 a. m. 118 East Pikes Peak.

Under Muslins

½ Price

They are moving rapidly so don't delay, if you would participate in the greatest bargains of the season.

Many fine garments still on these tables—the only fault any one could find with them is that they are slightly soiled or mussed. Buy all you need for prices like these will never be made again. Regular prices are certain to be higher.

Winter coats suits and all furs

at about your own price as previously advertised.

New waists suits and dresses

being received every day. Come in and look them over.

THREE EPOCHS IN A WOMAN'S LIFE

MRS. ELVA BARBER EDWARDS. MRS. GEORGE WALTERS

There are three critical stages in a woman's life which leave their mark in her career. The first of these stages is womanhood, or the change from a care free girl to budding womanhood. The second is motherhood, and the third is Change of Life.

Perils surround each of these stages, and most of the misery that comes to women through ill health dates from one or another of these important crises.

Women should remember that **Lydia E. Pinkham's Vegetable Compound** made from native roots and herbs has carried thousands of young girls over the critical period of puberty, has prepared mothers for childbirth, and in later years carried them safely through the change of life more successfully than any other remedy in the world. Thousands of testimonials from grateful persons, two of which are here published, substantiate this fact beyond contradiction.

Mrs. George Walters of Woodlawn, [illegible] writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell you of the good Lydia E. Pinkham's Vegetable Compound has done me in preparing for childbirth. After suffering and losing my children a friend advised me to try your valuable medicine, and the result was that I had very little [illegible], a quick recovery and as healthy a child as can be found anywhere. Lydia E. Pinkham's Vegetable Compound is a blessing to all expectant mothers."

Mrs. Elva Barber Edwards of Cathlamet, Wash., writes:

Dear Mrs. Pinkham:—

"I want to tell you how Lydia E. Pinkham's Vegetable Compound carried me through the critical period of the Change of Life without any trouble whatever, also cured me of a very severe female weakness. I cannot say enough in praise of what your medicine has done for me."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Walters and Mrs. Edwards it will do for other women in their condition. Every suffering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and helpful.

During its long record of more than thirty years its long list of actual cures, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person.

Lydia E. Pinkham's Vegetable Compound Makes Sick Women Well.

BEARS AFTER STOCK AND SHY ON WHEAT

MARKET IS RELIEVED FROM PRESSURE TO LIQUIDATE.

Capital Uneasy Over Anticipated Coercive Measures to Be Adopted by Roosevelt.

NEW YORK, Jan. 29. There were signs of relief from the outset on the stock market today from the acute pressure to liquidate, fortified by aggressive bear pressure which has been in evidence for several days past. The extent to which weak speculative accounts have been effected by transfer into stronger hands and the overstocks of stocks in weak hands, which always develops sooner or latter in the course of a decline, were given the principal credit for the change in the tone of the market. The only manifestations of resistance to depression were regarded with suspicion, owing to the frequency with which similar symptoms have given way to later weakness in the later trading but the manner of conducting the operations in the taurket gave increasing evidence of the efforts of the bears to secure stocks without unduly lowing prices. At the outset the only demand which was active developed on the occasional declines, giving way to extreme dullness whenever any advance had been effected. Later the volume of selling on the advances diminished and there was more disposition to follow up the advance with buying orders. There was no marked change in the conditions surrounding the market. Speculative sentiment continued depressed and the staple of discussion in the neighborhood of the stock exchange was the prospect of coming reaction and industrial depression. One indication of the activity of the bears was the exaggerated tone given to some of this discussion.

Incidents of a dinner in Washington at which the president and a number of men conspicuous in the financial world were present received much attention and the accounts published of the occurrences on that occasion were interpreted as notice served on the forces of capital of the coercive measures they were to expect from the federal administration. The embarrassments to which the railroads will be subjected in providing means to meet the great rush of traffic or to make needed improvements loomed large in the current discussion. The arrest of the downward tendency of the money market was regarded as disappointing and the provision to be met for the call for the return to the treasury of $6,000,000 of government deposits on February 1 was feared as an unsettling influence on the market. On the other hand the reports from the London stock market settlement were received with satisfaction, recent rumors of financial trouble in that connection growing out of the position in Americans failing of confirmation. The rate for carrying over Americans into the new account also receded sharply from those prevailing at the last settlement, giving promise of a cessation of pressure on this market from that source.

Renewal of rumors of money troubles here were conspicuous during the time of the early pressure on the market but with the rally in prices the rumors faded. The tone of the Japanese statement on the California school incident caused a shade of disquietude. Reports of the intended offer to the public at an early date of an issue of American telephone and telegraph convertible bonds was received with interest as the first attempt for some time to elicit public participation in a bond issue. The rally in the market was unsettled late in the day by fierce drives against Pennsylvania and Erie, but the general level of prices was not forced back to the previous low point. The closing was irregular.

Bonds were irregular. Total sales par value $2,032,000.

United States bonds were unchanged on call.

Furnished by Otis and Hough, bankers and brokers.

WORLD'S VISIBLE SUPPLY SHOWS A FALLING OFF.

Corn Is Strong and Oats Quiet, With Provisions Weak Because of Decline in Live Hogs.

CHICAGO, Jan. 29. The fact that the Liverpool market did not reflect the weakness shown yesterday on the local exchange caused some buying by shorts today at the opening. The comparative strength at Liverpool was caused by the summary of foreign crop conditions which reported considerable damage to the growing crop in Europe by unfavorable weather. Some early buying was also caused by the belief that the visible supply would show a substantial decrease. This opinion was justified later when figures were posted showing a decrease of 3,600,000 bushels against an increase of 125,000 last year. The domestic situation also favored the bulls, receipts in the northwest being still small, while reports were again numerous that the winter wheat crop is largely without snow protection. The market lost some strength late in the day because of realizing by local longs. The close, however, was firm. May opened ⅛c to ¼c higher at 78@78⅛, sold between 78@78½c, and closed at 78½c.

The corn market was strong all day on an active general demand. Cash houses and shorts were good buyers. The chief strength of the market was derived from a report that the corn crop of Argentina this year will amount to only 70,000,000 bushel against the 194,000,000 last year. Local receipts for tomorrow were estimated at about 300 cars and this caused additional buying late in the day. The market closed strong with prices close to the high point.

May opened unchanged to ⅝c higher at 45⅝ to 45¾c, advanced to 46⅛c, and closed at 45¾c.

Trading in oats was quiet. May opened unchanged to ¼ a shade higher at 37⅝@38c to 38c, sold between 37⅜c and 38¼@38c, and closed at 38⅛c.

Provisions were weak because of a 5 to 10-cent decline in the price of live hogs. Pork showed the greatest weakness, the May option closing at a ten decline of 17½c at $15.75. Lard was off 7½@10c at $9.67½@c, and ribs were down 7½c at $9.42½.

MOHICAN PROMISES WELL.

Lessees Are Finding Any Quantity of Rich Sylvanite Ore.

Special to The Gazette.

CRIPPLE CREEK, Jan. 29.—Olson Brothers and Company, who are operating a lease on the Mohican property, adjoining the Ajax on Battle mountain, are breaking ore about eight feet wide at a depth of 1,000 feet, a considerable distance south of the main Ajax shaft through which operations are being conducted. These lessees are getting out about three ounces in gold to the ton. Occasionally a shipment is sent out that will run from four, five and six ounces and these figures are not infrequent.

The shoot has now been closed up for a considerably distance and stoping is in progress. The ore shows any quantity of rich sylvanite ore, both in cubes and sugar fine stuff. The former lessees took out considerable ore from the Mohican and then lost the vein or shoot and it lay idle for some time until the present operators secured a lease on it. The Mohican is controlled by Fairley Brothers of Colorado Springs.

GOING TO BOTTOM OF IT.

Colorado Springs Capitalists Determined to Find Pay Streak.

Special to The Gazette.

CRIPPLE CREEK, Jan. 29.—The Mutual Mining and Milling company, a company controlled by Colorado Springs capitalists, owning valuable ground on Guyot hill, is now on its own account sinking the shaft on the Mollie Gibson claim, which adjoins the Beacon Hill Ajax immediately on the east. The shaft has now been sunk to a depth of 200 feet and it is the intention of the management to continue sinking until the 400-foot level has been reached, when considerable prospecting will be done.

The Mutual company has been sinking on a vertical vein which so far has shown no values of any moment but the management is determined to go to depth when the vein will be prospected and cross veins will be sought. Lying so close to the Beacon Hill Ajax claim, one of the richest and most prolific producers in the camp, the probabilities are that a good ore shoot will be found in the Mollie Gibson.

SYLVANITE IN MOON-ANCHOR.

Lessees Are Making a Handsome Profit on New Vein.

Special to The Gazette.

CRIPPLE CREEK, Jan. 29. Pearsey and Stacey, who recently took a lease on the 50-foot level of the Moon-Anchor in the old workings on the northwest slope of Gold hill, are shipping one and two cars of ore a week, which will give returns of from two to three ounces. These lessees found a new vein in the back of the foot wall which is from 22 inches to three feet wide. The ore shows considerable sylvanite in the rock and the operators are making a handsome profit every month.

PUMPING OUT C. K. & N.

The Returns Average $50 to the Ton.

Special to The Gazette.

CRIPPLE CREEK, Jan. 29.—Bainbridge & Thompson, who have a lease on the C. K. & N., which has been shut down on account of water for over two years are now shipping out two and three cars of ore a week, which will give an average return of $50 in gold to the ton. It is reported that there is any quantity of rock on the dump that will run three ounces with careful sorting. The mine was shut down on account of water, but the present lessees have installed pumping apparatus and have lowered the water nearly to the fifth level, a distance of over 90 feet. Several shoots carrying splendid values have been uncovered.

LEASES THE YELLOW BIRD.

Otto Taubert Gets Claim Near Gold Hill Mines.

Special to The Gazette.

CRIPPLE CREEK, Jan. 28.—Otto Taubert, who was associated with Marsh and Hodges in the Little Chief lease, has taken a lease on the Yellow Bird claim of the Mariposa company on the northwest slope of Gold hill, near by the National, Pointer, Red Spruce and other well-known Gold Hill mines. At the present time Mr. Taubert is prospecting on the surface, although there is a shaft which has been sunk on the property over 400 feet. Mr. Taubert expects to begin operations very soon and do active development work. The surface prospecting has shown a good vein, and it will not be at all surprising if the Mariposa joins the other Gold hill shippers within a very short time.

DRIVING BIG CROSSCUT

Union Leasing Company Pushing Work From Main Shaft.

Special to The Gazette.

CRIPPLE CREEK, Jan. 29.—The Union Leasing company, which is operating on some half dozen properties throughout the camp, is driving the long crosscut from the main shaft of the Moon-Anchor around the Commadrum claim of the Anchoria-Leland at a depth of 800 feet. The crosscut has now been driven about 150 feet into the Annie Rooney territory, which lies further down the hill and to the west of the main workings. This company expects to do about 200 feet more work before the contact can be cut.

VALUES GETTING BETTER

Operators of the Red Bird Pursuing Spotty Vein.

Special to The Gazette.

CRIPPLE CREEK, Jan. 29.—Messrs. Harris and Sutton, operating on the Red Bird claim of the National company, are confining all of their energies to the 200-foot level, where a good-looking vein has been cut. The values so far have been spotty. Occasionally some exceptionally high values have been secured from assays. The lessees are continuing to follow the vein and are having the satisfaction of knowing that the values are slowly getting better as work progresses.

RETAIL PRODUCE MARKET.

FRESH VEGETABLES—Beets, per lb., 2½c; carrots, per lb., 2½c; cabbage, per lb., 2c; Colorado potatoes, per cwt., $1.50; sweet potatoes, per lb., 3c; dry onions, per lb., 2½c; parsnips, per lb., 2½c; spinach, per lb., 10c; hothouse lettuce, per bunch, 5c; hubbard squash, per lb., 5c; fresh pumpkin, per lb., 2c; cauliflower, per lb., 15c; California tomatoes, per lb., 20c; parsley and mint, per bunch, 5c; celery, per dozen bunches, 50c; white egg turnips, per lb., 2c; red onions, per lb., 3c.

OPERA HOUSE ATTRACTIONS

What the Press Agents Say

JAMES O'NEILL IN "MONTE CRISTO."

Reserved seats will be on sale this morning at the boxoffice for the engagement of the celebrated actor, James O'Neill, at the Opera house, next Friday evening.

Everything possible has been done to make the engagement of James O'Neill in "Monte Cristo" the most satisfying ever given the Dumas play. Mr. O'Neill is so closely identified with the character of Edmond Dantes that it is impossible to tell which has the greater drawing power, the actor or the play. That his conception and execution of the role is absolute perfection is proven by the fact of the great reputation he has made in every city of importance in the United States. Follow the fortunes of Edmond Dantes and it is like skimming the pages of a fairy tale, with all the emotions, feelings, ambitions and sordid desires of a man portrayed with a clear and striking hand, and the lessons of life are taught in unmistakable terms.

"FORTY-FIVE MINUTES FROM BROADWAY."

Reserved seats will be on sale this morning for one of the most notable theatrical entertainments booked for the present season in this city is George M. Cohan's fascinating music play "Forty-Five Minutes From Broadway." Which comes to the Opera house next Saturday evening, with Cohan as the star supported by a noteworthy company under the direction of Klaw & Erlanger. The play has enjoyed unusual success since its first production, over a year ago, 12 full [illegible] weeks in New York and thirty weeks in Chicago having proven immensely profitable to its managers. This piece is a novelty, and consists of comedy, drama, burlesque, melodrama and musical comedy, most cleverly intermixed. In an interesting story possessed of an unusual degree of lovely, the selection of characters and in the originality of situations, Mr. Cohan has shown the same genius for getting together novelty and surprises that was noticeable in his popular "Little Johnny Jones."

Corinne plays the part of Mary, a servant girl in the Castleton household in New Rochelle.

DUSTIN FARNUM IN "THE VIRGINIAN."

The wonderful popularity of "The Virginian" as a book [illegible] success of the play and the excellent portrayal of the hero by Dustin Farnum will make the coming engagement of the Kirke La Shelle company at the Opera house on next Tuesday evening, an eagerly looked for event. The stage adaptation was made by Kirke La Shelle with the assistance of the author and is a faithful picture of the main episodes of the novel, accurately presenting the rapidly vanishing customs and life on the plains in the early '80's.

The part of the Virginian as played by Dustin Farnum is known to be a dramatic gem. He has abundantly proved his fitness for this character, and his striking personality, intense dramatic force and personal magetism has had much to do with the great success of this romance of the west.

"TRIUMPH OF THE OLD MAID."

Miss Mary Cassedy, a somewhat elderly spinster of Wilkesbarre, Pa., induced a young girl named Margaret Farran because the latter had stayed away from home father's late one evening. Thereupon Miss Farran sweetingly referred to Miss Cassedy as "an old maid." Miss Cassedy caused the girl's arrest and the magistrate bound over the accused in $200 bail to keep the peace. He said "A woman has a perfect right, unless an old maid, to stay out as late as she wishes."

In fact, it takes considerable courage to be one. Any old think can get a man these days, hurry him off to an old women's office and marry him, and get women who rather than lose their independence remain unmarried, so-called old maids, instead of being frowned upon they should be applauded [illegible]

LEGAL NOTICES.

NOTICE TO CONTRACTORS.

Colorado Springs, Colo., January 30, 1907.

Bids will be received by the City Clerk of the City of Colorado Springs, until 4 o'clock p. m. of February 4, 1907, for the construction and completion of a [illegible] brick conduit over Shooks run, at Kiowa Street.

Plans and specifications may be inspected at the office of the City Engineer, City Hall.

A certified check for two hundred dollars ($200.00) must accompany each proposal.

A bond in the sum of Three Thousand Dollars ($3,000.00) for the faithful performance of the contract will be required from the successful bidder.

The City reserves the right to reject any and all bids.

By order of the City Council
K. M. MACMILLAN,
City Clerk.

NOTICE OF ANNUAL MEETING.

The regular annual meeting of the stockholders of Isabella Mines company, for the election of trustees and for the transaction of such other business as may properly come before such meeting, will be held at the office of C. W. Burdick, Room 11, Kent block, in the city of Cheyenne, state of Wyoming, at 12 o'clock noon on Monday, February 4th, 1907.

The stock transfer books will be closed at 12 o'clock noon, on the 24th day of January, 1907, and will reopen on the day after the final adjournment of the meeting.

W. T. DOUBT, Secretary.

THE PORTLAND GOLD MINING COMPANY OF WYOMING.

Colorado Springs, Colo., January 2, 1907.

Notice is hereby given that the annual meeting of the stockholders of the Portland Gold Mining company of Wyoming, for the election of trustees and the transaction of such other business as may properly come before said meeting, will be held at the office of the company, room 24 Kent block, with C. W. Burdick, in Cheyenne, Wyoming, at two [illegible] o'clock p. m., on Monday, February 4th, 1907.

Transfer books will be closed at noon, January 26, 1907, and reopened on the morning after the final adjournment of said meeting.

FRANK G. BECK, Secretary.

Colorado Springs, Colo., January 2, 1907.

Notice is hereby given that the annual meeting of the stockholders of the Portland Gold Mining company of Iowa, for the election of directors and the transaction of such other business as may properly come before said meeting, will be held at the office of the company, at the office of Saunders & Stewart, attorneys, rooms 208-210, Shugart block, in Council Bluffs, Iowa, at twelve (12) o'clock noon, on Monday, February 4th, 1907.

Transfer books will be closed at noon, January 26, 1907, and reopened on the morning after the final adjournment of said meeting.

CHARLES V. TURNER, Secretary.

ANNUAL STOCKHOLDERS' MEETING
of
THE GUANAJUATO REDUCTION & MINES COMPANY.

Notice is hereby given to all stockholders of The Guanajuato Reduction & Mines Company having a right to vote, of the annual stockholders' meeting of said Company, to be held at 12 o'clock noon, at the principal office of the Company in the Giddings Building, Colorado Springs, Colorado on Tuesday, the 5th day of February, 1907, for the election of directors and the transaction of such other business as may properly come before the meeting.

Under the By-laws of the Company, stock cannot be voted on which has been transferred on the books of the Company within five days next preceding the date of the meeting.

Dated January 23rd, 1907.

City Briefs

FINELY furnished rooms, Y. M. C. A.

MINING STOCKS—Earnest & Co. Mining Exchange.

RANCH SOLD—E. H. Witherell has recently closed a deal for the sale of 3,520 acres of land in eastern Colorado.

SELLS PROPERTY—J. I. Franklin and company report the sale of the property at 734 East Cucharas street to S. A. Gish for a consideration of $1,000.

TO GIVE MUSICAL—A musical will be given Saturday afternoon at 4 o'clock by the pupils of Mrs. Maude Sanders Faust at her studio, 116 East Dale street.

MARRIED—Wilbur C. Lewis, formerly of this city, and Miss Nettie Gilmore of Midway, Colo., were married in Cripple Creek Saturday. Mr. and Mrs. Lewis will make their home in Midway.

ELECTED REPRESENTATIVE—Frank H. Pottinger has been elected by the Massachusetts Sons of the American Revolution to represent that body at the convention to be held in Denver next August.

TWILIGHT RECITAL—The second twilight recital at the Grace Episcopal church will be given by Clarence D. Sears this afternoon at 4:30 o'clock. Tickets for the recital may be secured at the parish house or music stores free of charge.

SUSTAINS BROKEN LEG—While playing in the yard at his home, 532 East Costilla street, Robert Wilson, the eight-year-old son of Mr. and Mrs. L. E. Wilson, was thrown from a "merry-go-round" against a post and his left leg was broken.

FUNERAL—The funeral of James J. Ryan, aged 44 years, who died at his home, 821 North Spruce street, yesterday morning at 2:20 o'clock, will be held from St. Mary's church tomorrow morning at 9 o'clock. Interment will be in Evergreen cemetery.

MAKES ANOTHER CHANGE—It is rumored that D. C. MacWatters, who recently left the Short Line road to become general passenger agent for the Trinity & Brazos Valley railroad, has resigned his position to become general manager of a big irrigation project in Idaho. The report also says that W. H. Hatton, Mr. MacWatters' chief clerk, will go with him to Idaho.

DELEGATES CHOSEN—W. S. Turbell, of the Mining Investor, and Miss Lisle Harris, of the Manitou Journal, have been chosen delegates to the National Editorial association, which meets at Jamestown during the exposition, by the Colorado Editorial association.

CLASS ELECTS OFFICERS—The freshman class elected the following officers Monday evening: President, Walter Husong; vice-president, Florence Stevens; secretary-treasurer, Earl Thornton; Lever correspondent, Marie McCoombs; sergeant-at-arms, Walter Thomas.

TO OPEN OFFICES—George E. Merrick, a photographer of this city, is to become resident superintendent of the organization which is undertaking the development of the Fountain valley. He will assume his duties at once but will not close his studio in this city.

ACCEPTS POSITION — Professor Francis I. Walker, who was recently dismissed from the faculty of the Colorado Springs High school, has accepted a position as head of the department of English at the Kenilworth High school, near Chicago. Professor Walker is now in Kenilworth.

WOMAN ARRESTED—Mrs. Elsie Ellsworth of 624 East St. Vrain street, was arrested by the police for drunkenness yesterday morning, while sitting on the steps of the First Presbyterian church. The woman claimed that her husband is serving a prison sentence for burglary in California, and that she has two small children dependent on her. Her plight has driven her to drink, she says.

Burnett's Vanilla Is Pure Food. Always get Burnett's, take no substitute.

Ask your grocer for Alpine High Patent Flour. It is the best.

You can't find better fuel than Austin Bluffs lump coal. Try it. Keystone Fuel Co., 114 S. Tejon. Phone 1170.

DO YOU NEED A BOND of any character, if so, see Clyde L. Starrett, 212 Colorado building, phone 491.

MILLINERY SCHOOL

If you have ambition and a small amount of capital, why not learn the millinery trade and open up a business in some good town. We teach the entire trade thoroughly and quickly. For particulars, call or write Miss A. Clarke, Mgr., 827 16th street, Denver, Colo.

Mortgage sale of furniture at auction today at 10 a. m. 118 East Pikes Peak.

WHERE DO YOU EAT?

If you are paying more than twenty-five cents for a good square meal you are wasting money.

THE PIKE'S PEAK RESTAURANT

124 Pike's Peak Ave. Opposite Post Office.

Wishes to call your attention to the following combination meals and prices. Everything is guaranteed to be first-class. Ask our patrons.

25c We Give You:

BREAD

It doesn't pay to bother with baking bread, even if you could make as good bread as we do—and we doubt that.

Our bread is firm, moist, light, white, wholesome, nourishing and easily digested. There is a generous amount of health and strength in each loaf. Try it.

W. N. BURGESS,

112-114 N. Tejon

About Prescriptions

The best of medicines are none too good for sick folks.

It's bad enough to be sick, without taking chances with second-grade drugs. We buy only the very highest quality of everything, and you can rest assured every prescription turned out by us is as good as good drugs will make it. One trial will convince.

Yours for better health,

D. E. MONROE & CO.

PHYSICIANS SAY

It requires seventeen times more energy to climb up stairs than to walk the same distance on the level. An extension telephone in your home will save stair-climbing at a surprisingly low cost. Get rates and particulars from Main 327.
